

Atlantic Bank Donates Essential Equipment to Enhance Edward P. Yorke High School Computer Lab

Atlantic Bank proudly continues to strengthen its role as a partner and advocate in education and innovation with a donation of five (5) brand new monitors and accessories to Edward P. York High School. This contribution supports the school's efforts to expand their computer lab for the 2024-2025 academic year. By enhancing the school's technological resources, we aim to provide students with equal access to cutting-edge technology, fostering their learning and development, and ensuring they are well-prepared for the challenges and opportunities of the ever-evolving digital world.

This donation underscores the bank's long-standing commitment to fostering educational excellence and supporting the next generation of Belizean innovators and leaders. Atlantic Bank has consistently been an advocate for education and innovation, endorsing initiatives that promote academic achievement, personal growth, and development for Belizean youths. From sports to scholarships and infrastructural enhancements, our contributions are designed to create environments where young people can thrive and become productive members of society.

As Atlantic Bank moves forward with its mission to uplift communities across Belize, this latest donation marks another step in our journey to invest in education and innovation, building a brighter future for all.
